

Due to the many variations in display monitors and browsers, the colors you see on your screen may not be a totally accurate reproduction. Computer monitors are not all calibrated equally and color reproduction on the Internet is not precise.

The color swatches shown in this catalog have been digitally generated from actual color samples. While every endeavor has been made to accurately reproduce our color palette there may be minor variations in the color of the actual color sample.

Variations in color and shade are inherent characteristics in concrete products, we do our very best to make sure the colors shown here are as close to the finished product as possible, but we cannot guarantee that what you see on your monitor will be an exact color match.

Screen images are intended as a guide only and should not be regarded as absolutely correct. It is highly recommended that you order a sample or color sample kit before placing your order. After you receive your samples, please keep in mind that even the actual sample can have minimal color variations from the finished product.

If you would like to order a sample of any product shown in this catalog, please call Customer Service at (323) 713-3828 or email us at sales@fullcircledesignstudio.com
